

Fix Anchor Point

Product description

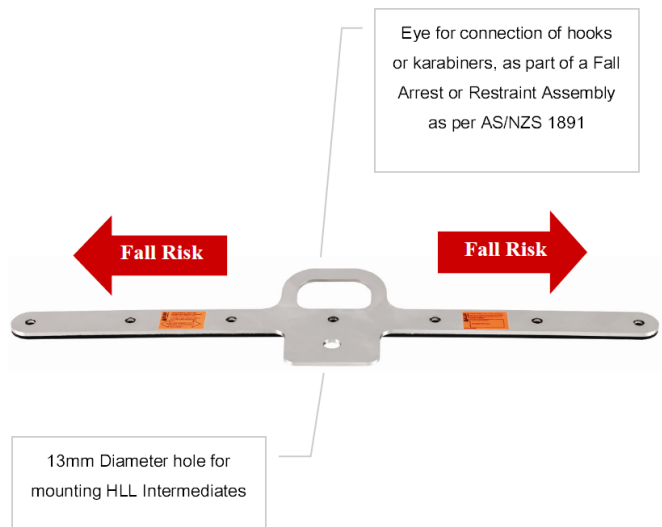

The MillerFix is a safe and secure anchor point for use in maintenance and roof work. This unit provides minimal visual intrusion ensuring that the unit does not have a negative impact on the aesthetics of the buildings be it commercial or residential.

FEATURES

- Can be used as a Fall Arrest Anchor Point for one person.
- Easy to install.
- The MillerFix can be used as an end anchor point for a Miller Techline (HLLR2/30FT & HLLR2/60FT), temporary horizontal lifeline assembly.
- For Xenon and other lines it can be used as a support of intermediates (such as the Xenon 1010609).
- Each unit is fitted with a weather seal and is supplied with mounting rivets.

APPLICATIONS

- Construction/Building
- Roof maintenance
- Any roof work application

Technical Information

- Manufactured from 3mm Stainless Steel Type 304
- Weight 0.42kg
- Rated to 15kN (when installed as per the manufacturers instructions) for fall arrest for one person.

Standards

If installed as per manufacturer instructions this unit complies with AS/NZS 1891-4, as a Fall Arrest or Restraint Anchor Point.
