Situational Awareness

Sensear's SENS™ Technology

Sensear's industry-changing **SENS™** (Speech Enhancement, Noise Suppression) technology simultaneously isolates and elevates speech while suppressing background noise so workers can hear speech, stay protected and remain aware of their surroundings in high noise environments.

Speech Enhancement

Noise Suppression

Sensear Smart Plug Features

- Face-to-face communication up to 95 dB
- Two-way radio and Bluetooth cell phone communication up to 110dB without the need for a boom mic
- Suitable for use with respirators, face-masks and helmets
- Durable and lightweight design. Simple adjustments
- Protects against impact, intermittent and continuous noise
- 360° awareness - speech and noise direction recognition
- Connects to existing two-way radio system
- Maximum noise exposure of 82 dB
- Built-in rechargeable battery delivers 12+ hours talk time
